WILL SUBMIT NEW RATE TO COUNCIL

**For Daring Scavenging Work—
25c a Month for Those With
Cesspools, and 50c a Month
for Other Household—
Board Recommends Pit Sys-
tem.**

At the regular meeting of the Board of Health held last Friday evening, the sanitary committee of the town council waited on the board to discuss the scavenging situation as outlined at the last meeting of council. At the council meeting it was decided to charge all householders for the collecting of garbage, the collecting of cesspools and the sanitary committee was instructed to co-operate with the board in arriving at the amount to be charged.

After some discussion the board recommended that a fee of 50c a month be charged all householders where there was no cesspool and that all houses equipped with cesspools be charged 25c per month. In cases of boarding houses, restaurants and hotels where there were six or more boarders it was suggested that the charge in both cases be doubled.

The figures submitted were agreeable to the committee and at the next regular meeting of the council they will recommend that this scale be adopted.

The Board of Health also passed a petition requesting the council to encourage the doing away with pits for cesspools and using pit incinerators. The members of the board were of the opinion that since there was no wells in town the addition of the pit system would be more sanitary and more economical.

Western Farmers

Will Not Protest

The farmers organizations of the western provinces will make no organized appeal to the government for concessions to draft men of the ages 20 to 22 inclusive, as has been done by 20,000 farmers of Ontario, said H. H. Higginbotham, provincial secretary of the U. P. A. of Canada.

"We are not expecting any concessions for we have been informed that none will be made," he said, "but of course we shall keep them acquainted with the situation here and we consider the situation to be serious and think production is threatened with curtailment."

This is illustrated by saying that of nine consecutive young farmers who had tried for exemption it was shown that there would be a difference of 1,500 acres in what they had intended to seed and what they now would actually put in.

As has been published, the government thinks there is a more urgent call at present for man-power than production.

June 22nd is Day

For Registration

C. W. Smith, superintendent for registration of Alberta, presiding Tuesday night at a lecture given at London University by Professor McLaughlin, of the University of Chicago, said:

"The apology is needed from America because that peace-loving nation did not enter the war earlier. Her action not only was late, but rash and the unanimity of her people is without precedent in history."

"NO APOLOGY IS NEEDED FROM AMERICA"—BALFOUR.
Foreign Minister Balfour, presiding Tuesday night at a lecture given at London University by Professor McLaughlin, of the University of Chicago, said:

"The apology is needed from America because that peace-loving nation did not enter the war earlier. Her action not only was late, but rash and the unanimity of her people is without precedent in history."

Presentation to Mr. B. F. Croan

On Saturday evening last, in Redcliff, the employees of the Redcliff Rolling Mill to the number of about 500, met for the purpose of presenting Mr. B. F. Croan, mill manager, with a beautifully engraved gold watch, chain and locket, on the occasion of his severing his connection with the company.

Mr. Wm. Grinnell presided and called upon Mayor Bott to make an introductory address, during which the mayor referred to the cordial relations which had always existed with Mr. Croan, and especially to the help he suggested that he always given the municipal council upon technical matters upon which his wide experience had enabled him to give wise advice.

Mr. O. R. Wilkie presided, on behalf of the employees, the watch, chain and locket and referred to the good feeling that had always existed between them and the manager. He expressed the hope that Mr. Croan's presentation to him was only temporary and that he would again resume his old relationship with the men. In the meantime all wished Mr. Croan every success.

Mr. Croan, in accepting the gift, spoke very feelingly and at some length in appreciation of the kindly sentiments shown in the manner of the presentation. He referred especially to the value of such "gifts" together with the fact that the presentation suggested that occasional social gatherings of the men would do much for them.

The evening was taken up with very eulogistic speeches by Messrs. McKelvie, Oates, Fred, Roberts, Lang and the chairman. These were interspersed with musical numbers by Messrs. Beechey, Smith, McKelvie, Oates, Bewell, Hutchins, Bell and the orchestra. Messrs. McKelvie, Oates, Bove, Everett and R. J. Bott gave recitations and Mr. Wilson presided at the piano.

The meeting concluded with a hearty singing of Auld Lang Syne, followed by "God Save the King."

Vegetable Gardening For Every Person

If you are cultivating a vegetable garden, either at home or on a vacant lot, it would be an evidence of wisdom to send to the publications branch, Department of Agriculture, Ottawa, for Circular No. 14, entitled, "Vegetable Gardening at Home and on Vacant Lots," and prepared by the Dominion Horticulturist. This circular which can be had free of cost, supplies information of a practical nature on every vegetable that it is desirable to raise for domestic consumption. It gives advice on the preparation of the soil, and on planning and arranging the garden, quotes results of success achieved in 1917, supplies a list of the best varieties of vegetables for different districts, and describes how the growing plants can be protected from disease and insect ravages.

Another German

Kultured Trick

The Germans are redoubtable in Paris with inflicting asphyxiating gas into letters sent to prisoners in their camps. A British prisoner of war, who had been recently sent to the front, told us that he had received a letter from a French prisoner in Germany. The letter was written in German and contained a letter also containing poison gas from his husband, a captive in Bavaria. Other cases have been reported.

British Start Week With Some Advances

The first war news of the week from the western front was most satisfactory. The British line has been advanced on a considerable front between the Somme and Ancre rivers, west-southwest of Meusemont, says the official statement from Whitehall. The British headquarters. The British positions in the neighborhood of Loos and the Lave river, on the south-western leg of the Y salient in Flanders, have been improved as a result of local fighting.

PROCLAMATION

The proclamation was published Friday calling up for military service men of 30 years of age who are unmarried or widowers with no dependents. The men are required to register on or before June 1st, but they will not be called to active service until July 1st. For some time getting out special forms, the method of registration will differ from that adopted when the first class was called out on October 13 last. Then a man in the class called out filled one of two forms—either he reported for service or he claimed exemption. In the present case, however, the man is required merely to forward by registered post to the registrar under the Military Service Act his name in full, the date of his birth, his place of residence and his usual post office address. When the actual call to the colors comes, the men engaged in the war will be notified by registered post to report for duty.

Three Million U.S. Soldiers This Year

Prussian frightfulness was denounced and the determination of America to wipe it out was emphasized at a Lusitania memorial mass meeting in Chelsea, New York, Tuesday night under the auspices of the Defense Society and the American Rights League. The speakers were Theodore Roosevelt and Senator Robert L. Owen, of Oklahoma.

Outraged from the markets of the civilized world until they are ready to accede to the principles of international law and enter the family of nations as law abiding members was urged by speakers on the podium. The world should inflict upon the German, Austrian, Bulgarian and Turkish peoples.

For surviving the events leading up to the sinking of the Lusitania, the actual attack on the vessel and the rejoining throughout Germany over the crime, he said.

"America probably will have 3,000,000 men on the battle front before the end of 1918 and whatever larger number is needed will be forthcoming to establish once more the doctrine implanted by God himself in the human mind: that man must triumph over injustice and inhumanity."

Skeptical of Hun Peace Proposals

The evening newspapers in London are skeptical of the peace proposals of the reported German "peace offensive." The Pall Mall Gazette says:

"That Great Britain is ready for such peace without any domestic compromise such peace involves the settlement of the moral questions raised by the full application of the German's financial crimes and the establishment of complete safeguards against any future outbreak of Hunishness. No suggestion has come from Germany of her readiness to satisfy those standards and none can be expected until the military class which controls her public life has been rendered powerless by defeat."

U. S. LIBERTY LOAN AWAY OVERSUBSCRIBED

For third time within a year the American people have heavily oversubscribed a war credit. As the third Liberty Loan was closing the treasurer announced the campaign had been "an overwhelming success." Although \$3,000,000,000 was the formal goal of the campaign, official reports showed the total at \$3,300,000,000. There were two indications that the aggressive war was increased to nearly \$4,000,000,000 next week when Bunka have time to tabulate the multitude of testimonial applications. The entire result of the campaign will not probably be known until late in the week.

LOVE PASTOR RUSSELL'S SUCCESSOR ARRESTED

Joseph P. Rutherford, successor to "Pastor" Russell as head of the International Students' association, was arrested by four other leaders of the organization founded by Russell, were arrested in a raid by federal authorities on the "March on Paris." The Young Men's Christian Association (Y.M.C.A.) in Brooklyn last Tuesday.

Special Meeting of Red Cross Tuesday

"A movement is on foot among some of the ladies of this town to form a local branch of the National Council of Women. In order to make this possible it is necessary to get the cooperation of other ladies' organizations in this city in this regard."

As the first step in this direction a full meeting of all members of the Red Cross Society is called for next Tuesday afternoon at the Red Cross room at five o'clock. On that occasion the aims and objects of the council will be submitted to the members and decided whether or not the Red Cross association will co-operate in the forming of such a branch. A full meeting of all Red Cross members is requested.

Redcliff Band to Have Concert May 23

The Redcliff citizens band will give a concert at the Redcliff Theatre on Thursday, May 23rd. Like all other organizations the band requires money to keep going and when it was learned by the members of our band that some of this very necessary commodity was cut off at once it was decided to give a concert for the purpose of raising the money for the band. The concert will be held at the Redcliff Theatre on Thursday, May 23rd. The committee will call on you to aid them. Don't turn them down as it will now depend on the generosity of the citizens whether or not we will have band music in the open air this coming season.

Men Needed Now More Than Grain

If scattered and broken remnants, overwhelmed because not re-inforced, should return to Canada, it would profit little to tell them that while they were being decimated our productions had been largely increased. In these days of the "Primal Atonement" a statement insisting, some say, upon the situation at the front in its relation to order-in-council cancelling exemptions of clerics or men between 29 and 32 years of age inclusive.

ADDITIONAL LOCALS

Messrs. R. F. Croan, J. Beechey and A. Lyle leave tomorrow to travel across country by auto to Vancouver.

W. T. Lockwood, accompanied by Miss Duffield, Miss McKay and the Misses White, motored over to Bow Island.

E. M. Wilson, who has been on the imperial bank staff here, has been transferred to Montreal. J. J. Nelson, of Chase, B. C., takes Mr. Wilson's place here.

Mr. and Mrs. H. Moore, formerly of Redcliff, but who are now living on their farm near Jenner, spent last Sunday in town, the guests of Mr. and Mrs. W. J. Fairbairn.

The Red Cross Society is this week in receipt of the monthly donation from the employees of the Rolling Mills. The check was for \$377.76. This amount came at a time when it was badly needed by the society and the employees of the Rolling Mills are to be commended for the efforts of the men at this plant. They are surely doing their share for this worthy cause.

The activity in the sale of farm lands throughout the province is very pronounced. The important part is that these sales are made, not to speculators, but to men who intend to work the land.

A cable dated from Rome says: "The German Government is preparing the German people for the abandonment of the 'March on Paris.' The Voice of the German People, a time magazine, is recognizing that the German offensive in the west has been crushed."

Popular Wedding Couple At Hyman's Altar

A quiet wedding took place in St. Andrew's church last Tuesday evening when Miss Lillian, daughter of Mr. and Mrs. B. F. Croan, of this town, was united in marriage to Mr. John Stokess. Rev. H. C. J. Gilson performed the ceremony. Some 300 guests were present.

The bride was very becomingly attired in a gown of embroidered net over silk, with silver trimmings, and carried a large bouquet of white roses.

After the wedding ceremony the young couple and wedding party returned to the home of the bride's parents and a number of young friends of the couple were invited to spend the evening. The invited guests were not gone when the musical knot had already been tied when Mrs. and Mrs. Stokess intended leaving on the west bound train it was a great surprise. The bride's travelling party with headquarters was then in order, after which the young couple left for Calgary where they will reside in future.

The groom has recently been called to the Redcliff for some time and the Medical Service corps with headquarters in Calgary.

Both the bride and groom have relatives in Redcliff for some time and, coming here have, made many friends, all of whom wish them a long, happy and prosperous married life.

Australians Take Important Positions

British troops have advanced 1,200 yards or a front of more than a mile between the Ancre and the Somme. North of the Somme the Australians advanced 700 yards on a 1,500 yard front and early Tuesday they added another 500 yards on a 2,500 yard front. The first Australian advance was made in the darkness early Sunday morning. British and slowly the British advance, capturing the German positions in the front line just north of the Somme and taking some prisoners.

Similarly in pitch darkness they pushed on despite strong opposition. There are many German dead and the Australian casualties are not heavy.

British Authorities Are Satisfied

A wave of optimism is sweeping over England. The public is saying that the German failure to attain their objective last week is the beginning of their defeat. This optimism is shared by the military authorities. "The German front has been broken," declared Gen. Foch, highest British authorities say they are absolutely satisfied with the present position. They recognize the absolute certainty of still greater attacks but believe Germany's main aims are thwarted.

Mounted Police To Be Reestablished

"It is believed unofficially that the R. C. M. P. is not to go out of existence. As soon as the present unit goes overseas, the work of recruiting the force to strength again will be proceeded with, and the famous riders of the plains will continue their special police duty. Re-inforcements for the mounted men overseas were needed so badly that it was decided to call on the mounties, who could go without further training and at once. New recruits will have to be secured and trained."

CANCEL FRENCH DEBT

Cancellation of France's financial obligations to the United States is proposed in a resolution introduced in the U. S. House of Representatives. The resolution provides that "all obligations of the Republic of France to the United States of America for money borrowed, or funds advanced in connection of the present war, including interest thereon, be cancelled."

Field Marshal Viscount French has been appointed Viceroy of Ireland.

ODD FELLOWS GO TO CHURCH IN A BODY

Procession Led by Redcliff Hand—Good Turnout—Appropriate Address and Singing by Pastor and Choir of Baptist Church.

The annual church parade of the local lodge of Odd Fellows last Sunday afternoon was a great success from every standpoint. The numbers and visitors from Medicine Hat assembled at the lodge were also headed by the Redcliff band, marching along Third avenue to fifth street, north to Broadway, and on Broadway to Third street, thence to the Baptist church.

During the procession the band played excellent marching music, which was well received not only by those in the parade but also by the large crowd which lined up to witness the march.

At the church the pastor, Rev. P. T. White, preached on "Friendship," taking for his scriptural the parable of the mustard seed. The special music rendered by the choir was quite fitting and thoroughly enjoyed.

The preacher based his message on Prov. 17:4. The word "friend" is the symbolizing of the first link in the emblem of the order. Nothing the speaker declared, was more needed in the world today than neighborly, communal and international friendship. The three-fold foundation of friendship is formed of sympathy, trust and justice. The speaker declared that friendship is the basis of all human relations and that there are to be found a man will both be a friend and a good citizen. The speaker declared that friendship is the basis of all human relations and that there are to be found a man will both be a friend and a good citizen.

The world is progressing in the direction of friendship. Friendship in Germany by her general unfriendliness has proved herself "out of date" and a "black number." The subject was further illustrated by reference to the spirit that had prompted so many of the Odd Fellows order to go overseas to fight for their country and by the fact that members of the order were paying the dues of those at the front. Incidentally mention was made of the fact that Redcliff Lodge had sent into national service a larger number of members proportionately than any other lodge in the province.

Famine Prevails Now in Austria

Stockholm press publishes an interview with a person in an important position, who has just travelled through the heart of the central powers, where he came in contact with a large number of influential persons and has returned with a pessimistic and gloomy outlook. He declares that Austria is in a bad situation. Famine conditions prevail, and general discontent "was never so great, he says."

Canucks Successful On the New Front

A report from British headquarters dated May 13th, says: "We carried out a successful raid last night in the neighborhood of Neville-Vitasse (on the front, recently taken over by the Canadians) and captured a few prisoners and three machine guns, with slight casualties to our troops. A raid against the German line near Bayelles was repulsed. There is nothing further to report."

BE UP AND DOING.

The recent order in council passed by the Dominion government, cancelling all previous exemptions and calling for all young men from 20 to 23 years of age to report, has been the cause of much criticism throughout the country. Most, not all, the criticism comes from the farmers and those immediately affected by the order. In some cases it has been stated that the government has broken faith with the people, as its supporters had stated prior to the election that farmers sons who were bond fide producers were to be exempted. While it is true that such promises were made last December yet it must be remembered that a great change has taken place in the situation throughout the world since that time. It must also be remembered that the present government got its mandate from the people of Canada last December and that mandate said in no unmistakable terms that Canada was determined to stay in this conflict to the last man and the last dollar.

To be sure the new order will bring sadness to many a home. It will upset plans hitherto made. It will catch young men who thought they were safe between the hands of a plow, and it will catch others who beat a hasty retreat from town and city, countryside. It may mean that hundreds of acres of land will be left uncultivated. It may, and doubtless will, mean all this, but after a secret session of the Dominion parliament, when the present situation was reviewed such a course was decided upon as the only means whereby Canada could take its proper place in the fight for democracy and justice.

There should be no excuse for lessening the area to be put in crop by those concerned. Sufficient time will be allowed young men to do all the spring work previously planned and if they are sufficiently alive to the seriousness of the situation they will not fall down in their duty. No anxiety need be entertained as to the harvesting of the crop. By the registration which takes place next month a record will be secured of all available man and woman power in the Dominion and we have it on good authority that if necessary schools, stores, offices and factories will be closed down completely during harvest and all men and women conscripted to work in the harvest fields.

Such a condition of affairs is hard to realize in this country but it must be remembered these are serious times. The world is passing through the gravest crisis in its history and the fate of future generations depends on our actions today. "Let us, then, be up and doing. With a heart for any fate, Still achieving, still pursuing, Learn to labor and to wait."

In connection with this new order western farmers should remember that they are represented in the Dominion parliament today as they have never been before. Leading men in all farmers organizations from the western provinces have been called in to assist the government in their war plans. Sev-

eral are members of parliament and others are co-missioners representing the farmers interests. These men have the inside information and are in the best position to judge what is best for all concerned at this critical moment. They are all of one mind and are now calling from pulpit and platform and press for the hearty co-operation of all farmers in carrying out the orders of the government to the letter.

PLANT TREES.

As in previous years the provincial government comes out again this year with an eleventh hour announcement that Friday, May 10th, is to be observed as Arbor Day throughout the southern part of the province. The result is that the whole affair is a farce as only a comparatively few knew anything about it till weeks after it is all over.

There is probably no province in the Dominion more in need of a genuine Arbor Day annually than Alberta, yet we have never yet had a decent one, and the reason is the those responsible for setting the date have never given the matter proper publicity.

Arbor Day is primarily a day for planting trees but since the day this year will go by unnoticed—reasons above mentioned—our residents in town should make every day of the week an arbor day until they get their lot well set out with young trees. There is nothing adds more to the appearance of one's home, and nothing more needed in this section of hot suns and winds than trees.

THE BAND.

The members and officers of our band are to be complimented for their actions in trying to keep the band going under existing conditions. On finding a portion of their funds unavoidably cut off from one source they immediately start out to make up the deficiency in another way. This is the proper spirit for the times. We all know a band. Already it has filled an important place in the community and the boys have not been stingy or mean in rendering their services. They deserve our support as individuals and we will have an opportunity of showing our appreciation on May 22nd when the band gives a concert.

When the boys go around to see you with tickets for this concert buy one, and buy it cheerfully if you can afford it.

ABOUT REGISTRATION.

Although full particulars regarding the Dominion wide registration of the man and woman power of Canada are not yet to hand, the date has been set for Saturday, June 22nd.

According to law this registration requires that all males and female over sixteen years of age are required to register their names and give the required information to the officer to be appointed for each district. So far as possible school houses will be closed down for registration booths and teachers will be expected to assist with the work.

According to the Act governing this registration all who neglect to register are subject to a heavy fine or imprisonment or both. Parents and employers are liable for heavy penalties if their children or employees neglect to register, and hotel and restaurant keepers are subject to fines if they board or give lodging to any unregistered adults.

This being the case we would advise our readers to keep a close watch for further particulars and give the matter their personal attention at the proper time.

In this connection we might

remind our readers that they can assist in making this registration complete by keeping their foreign born neighbors who may not be able to read or write English, posted. It is a matter of national importance in which all should be interested.

Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whit-bangs" and screaming "cool boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overweight and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "waking wounds." You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of many encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity." The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on trails and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King. Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parents to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him. Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!

The entertainment committee of the Red Cross has been exceedingly fortunate in securing the services of some of Medicine Hat's best talent to put on a concert here tonight (Thursday) in Amuse-U Theatre.

Geo. Holdren, formerly of this town, enlisted last week with the mounted police and has gone east to a training camp. George has developed into a six-footer since he left here and is built in proportion. His mother sent to Calgary to see him before leaving.

Messrs Bochy and Ratliff are two more of Redcliff's young men who have received notice to report for service. Among those from the surrounding district who have been called to report are: L. Swanson, J. Linday, J. McFarlane, C. Baker and O. Buttermann.

Judge Green, president of the Medicine Hat Boy Scouts association, and R. B. Davidson, district commissioner of the Scouts, paid our Scouts a visit at their regular meeting last Thursday evening. The visitors were well pleased with the showing made by our boys.

F. Baird received word this week that a younger brother had met with a bad accident during the severe fighting on the western front. One the heavy guns passed over his foot, it mangled it that amputation was necessary. After receiving his wound the boy stuck to his post and with his companions succeeded in preventing the gun from falling into the enemy's hands. The delay in having the wound attended to made amputation necessary.

W. T. Lockwood has been most successful in his first experience in the chicken raising business. His incubator worked wonderfully well and now W. T. is mothering upwards of one hundred fine healthy chickens. This means a lot of extra work, as the chickens are on to the daylight every spring and refuse to go to bed till after dark. As a result W. T. has been compelled to cancel all social functions. Although Mr. Lockwood has been in this country for several years he says he is now just getting onto the "lay" of the land.

Miss M. Duffield has resigned her position on the Royal bank staff.
